## DRIVING INNOVATION. DELIVERING DELIGHT.

---

At Luminous, we understand that you don't want interruptions, especially when you are living a moment. That's where our 3 decades of expertise lies. With your needs in the centre, we constantly strive to design products that not only deliver to your power back-up needs but also delight you in more than one way.

Our expertise in Power Back-up Solutions, Home Electrical Solutions & Solar Products has enabled us to come up with world class products. Luminous fans have been delivering delight to the consumers with constant innovation, refreshing designs and original style. Making Luminous the foremost choice of discerning customers.

We operate in more than 36 countries, our employee base is of 6000, more than 60,000 channel partners and millions of customers place their trust on us. That's why when you bring home a Luminous, a compliment follows.

## TECHNOLOGY YOU CAN TRUST

---

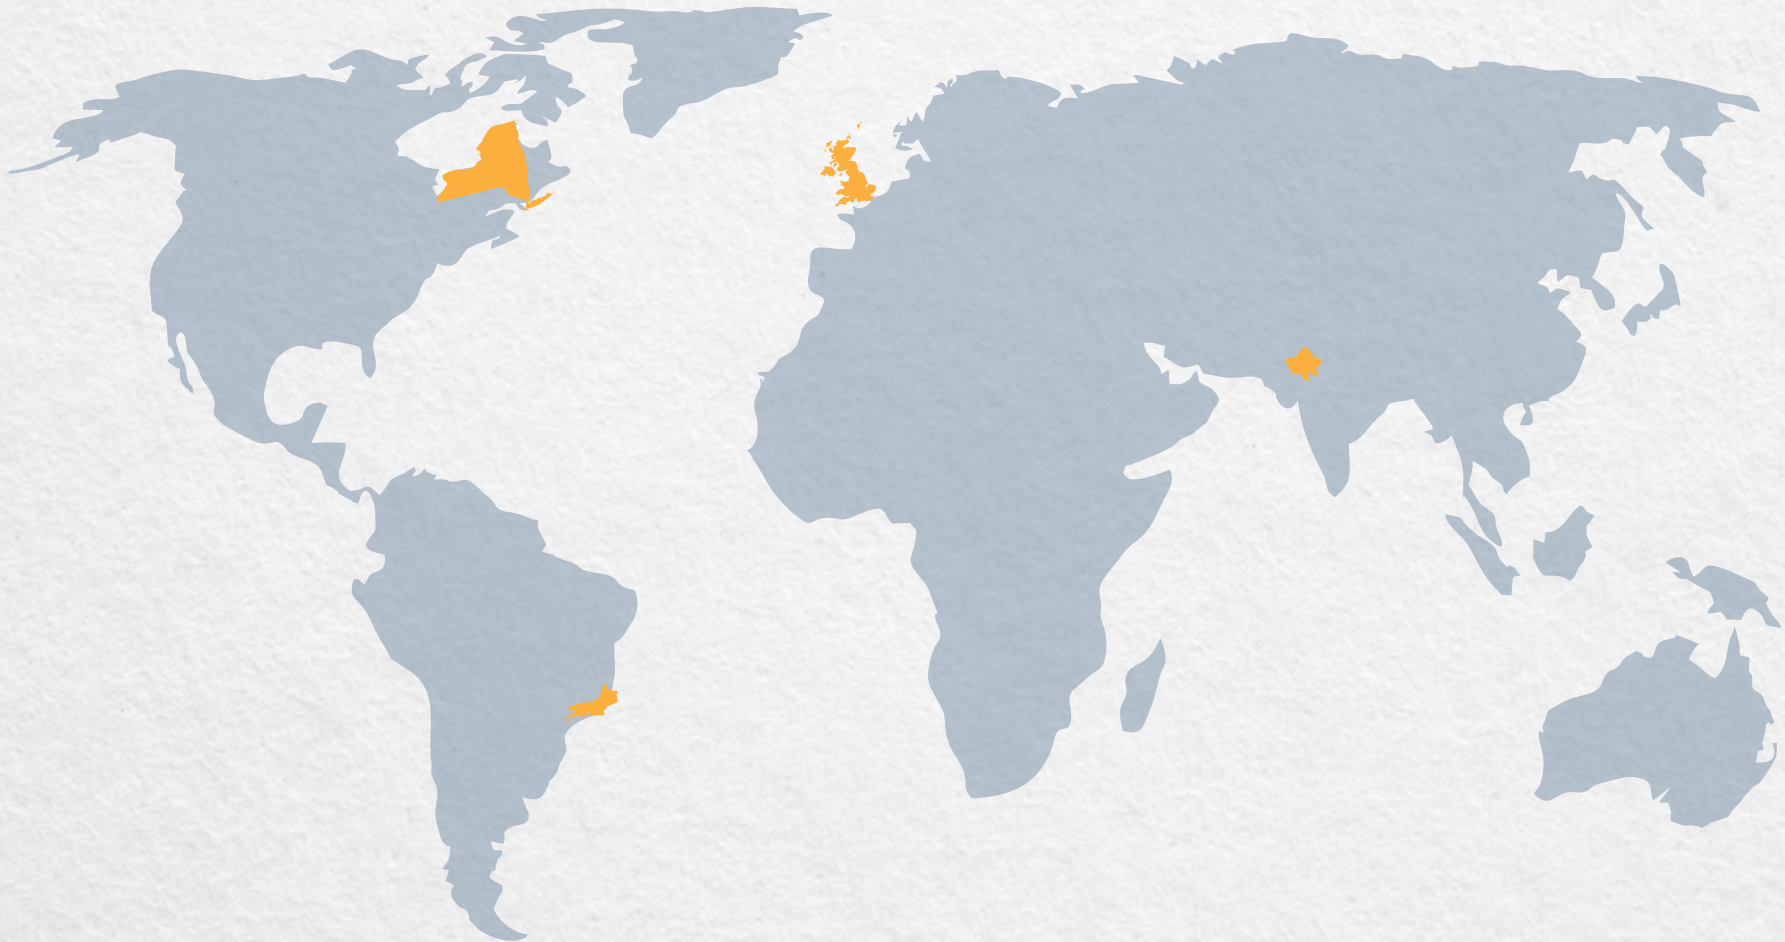

At Luminous, innovation is always in the air. All our fans come with top-of-the-line technology and powerful performance. With features like 100% corrosion-free aluminium blades our fans withstand all weather conditions. Their unique stators fitted with hi-perm steel stampings and 99% pure electrolytic-grade copper-wired windings guarantee low watt consumption and high efficiency. Designed for noise-less operation and longer life, our ceiling fans are fitted with pre-sealed, pre-greased ZZ-precision ball bearings.

What's more, the secondary safety device in the hanging system make these fans one of the safest in the industry. The compact in-house designed electronic circuits ensure optimum speed regulation and luminosity in our LED fans. Along with this, aluminium-pressure die-cast top and bottom covers result in lower temperature rise and higher durability. With all this and more, our fans are truly a breath of fresh air.

## BEAUTY THAT EMBODIES THE WORLD.

---

We all love exploring new cities and architecture. Getting inspired from this passion of ours, we at Luminous thought of imbuing your home with the unique design of incredible architectures. Our fans embodies the rich heritage of different monuments from different cities across the globe. These fans are not just an electrical device but a décor to beautify your home.
